

Public contracts

Addresses and establishments of the applicant

The applicant applying for authorization to enter into/renew a public contract/subcontract (the “**Application**”) must identify all its addresses as well as all its establishments over the past five years. The applicant must also state whether the address is the location where it primarily conducts its activities, whether it is that of another establishment or whether it is a former address.

Please photocopy this form if you need more space.

Address no. 1
